**MPR Constructions**

## **WE ARE**

MPR Constructions is a professionally managed company with proven track record in the infrastructure Civil, Fabrication and Erection works since 1996.

MPR Constructions has a pan India presence and is accomplishing numerous prestigious projects across the country with the desire to excel and execution through commitment. MPR Constructions made its mark in India's infrastructure development by executing valued projects across sectors like Roads & Buildings, Railways, Power, Hydro Carbon and Renewable Energy Projects for both Private and Public sectors. We are the **Special Class Contractors** under the **Govt. Of Telangana. & Andhra Pradesh.**

MPR Constructions established by a Technocrat with a commitment to create an ever evolving professionally run Institution. Over the two decades we built the reputation backed by proven track record. We believe in delivering value to our customers through Qualitative and Quantitative metrics. Our strength lies in our team, having 150 highly motivated and skilled professionals working in various capacities. Also, the well laid out growth strategies, state-of-the art Machinery and sensibly designed business plans kept us ahead in seizing the market opportunities as they emerge. We have the top class Managerial bandwidth to take up high value complex projects.

## **VISION**

To build a company distinguished for its quality excellence, renowned for swift execution and reputed for Customer-Centric approach.

## **MISSION**

Consistent performance is the USP of MPR Constructions. Quality Infrastructure, Proficient team, Technical Brilliance and Timely execution are the hallmarks of MPR Constructions.

## STRATEGY

We, MPR Constructions has an unmatched commitment towards the quality of work, determined to ensure the highest **QUALITY** and **TIMELY EXECUTION** of the project. Our highly motivated team always struggle to offer the optimized solutions for our customers.

Day-to-Day evaluation at on-site by supervising staff and timely reviews by the Top Management helps in maintaining the smooth progression of the project and reduces time lapses in decision-making.

At MPR Constructions, our committed work culture is purely customer-centric. We believe the better we understand from our customers, the better will be the output. We are committed to surpass our customer expectations through implementing inventive methods, state-of-the-art Machinery and Focused Team Approach.

MPR Construction has a vision to scale new heights in the field of construction and allied infrastructure development activities. We, at MPR Constructions, always strive to improve standards through adapting latest advancements by trainings to our Engineers. We inspire our Engineers to acquaint with the trends and offer ample opportunities for them to acquire new strengths.

**MPR Constructions**

## **QUALITY MESSAGE**

We believe Quality as the prime notion at MPR Constructions. We anticipate our quality in delivery should speak for our work. We execute our Projects with a professional approach and utmost care to deliver qualitative output. We are assertive about building reputation through Quality execution.

## **SAFETY MESSAGE**

MPR Constructions offers the best working environment and guarantees their safety. WE never hesitate to invest and provide our workforce the contemporary safety gear. Hazard control and safety measures are observed in all activities at all levels. A high vigilance is maintained across operations and to minimise the risks towards the safety of our people. We offer the best tools and regularly train the workforce in handling crisis situations. We maintain Zero tolerance approach towards the safety of the human life in our projects.
